## The PACT ACT

**You need to be aware of the biggest VA program this past year which can impact your health care.**

The **PACT Act** is a new law that expands VA health care and benefits for Veterans exposed to burn pits, Agent Orange, and other toxic substances. If you are a veteran from the Viet Nam war of Gulf War you may qualify.

The **PACT Act** adds to the list of health conditions that we assume (or “presume”) are caused by exposure to these substances. This law helps us provide generations of Veterans—and their survivors—with the care and benefits they’ve earned and deserve.

This link, [The PACT Act And Your VA Benefits | Veterans Affairs](#) will help answer your questions about what the **PACT Act** means for you or your loved ones. You can also call the VA at [800-698-2411 \(TTY: 711\)](#). And you can file a claim for **PACT Act**-related disability compensation or apply for VA health care now.

---

Another program we want to make sure you know about is the Department of Veteran Affairs (VA) Caregiver Support Program (CSP) which offers clinical services to caregivers of eligible and covered Veterans enrolled in the VA health care system. The program’s mission is to promote the health and well-being of family caregivers who care for our Nation’s Veterans, through education, resources, support, and services. There is a CSP team [CSP Team Locator](#) located at every VA facilities .

We would like to introduce you to a great organization that provides free tickets for sports, music and other entertainment. We have actually used this site and it can be tailored to your location and taste.
